14 Now that the College is going to be closed shortly for Summer Vacation, the difficulty pointed out in the Regr's letter dated 24.1.46 does not arise.

There is considerable force in the opinion furnished by the Chief Engr in his unofficial notes. For this reason the University may be requested to relieve the three probationers before the end of this month, to report themselves to the Chief Engr for work in the P.W.D. and the Chief Engineer may also be requested to place the services of 5 officers of his Department for conduct of work in the College with effect from July 1946 as soon as the sessions of the University commences ~~from~~ in the next academic year.

D. S. GORDON, ESQ., M.A., LL.B., B.T., A.M., DIP. EDN.,
Registrar, University of Mysore,
MYSORE.

To

N. S. Hirannayya, Esq.,M.A.,
Education Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

Sir,

In forwarding herewith a copy of letter No.1372 dated 22nd December 1945 from the Principal, College of Engineering, Bangalore, expressing his views regarding the retention in the college of the services of Messrs. B. P. Gopalakrishna, D. Nanjappa and E.V.Seshadri appointed Probationery Assistant Engineers in the Public Works Department in G.O.No.P.W.4150-56/Est.87-45-1 dated 8th December 1945, I am directed to state that Mr. T. J. Manickam, Assistant Professor and Mr. V. Hanumantha Rao Naidu, Lecturer, have been deputed for advanced studies in foreign countries. The Chief Engineer for Irrigation has already issued orders, posting the three probationers - Messrs.B.P. Gopalakrishna, D. Nanjappa and E.V. Seshadri, for duty in the Public Works Department vide his Memo No.4004-29/E dated 31st December 1945.* (copy enclosed) The Vice-Chancellor considers that it would really cause inconvenience in teaching in the College of Engineering if as many as five teachers are taken away at this part of the session and recommends that the three probationers may be retained in the College as proposed by the Principal, College of Engineering, Bangalore.

I have the honour to be,
Sir,
Your most obedient servant,

Registrar.

UNIVERSITY OF MYSORE

Letter No.1372 dated 22nd December 1945 from the Principal, College of Engineering, Bangalore to the Registrar, University of Mysore, Mysore.

I have the honour to inform you that I have received a copy of Government Order No.P.W.4150-56/Est.87-45-1 dated the 8th December 1945 from the Secretary to Government, Public Works Department, appointing 20 Probationers in the Public Works Department. Among them are included the marginally noted three Probationers who are now working in the College and of the three Mr. B. P. Gopalakrishna has recently been appointed as Assistnt Professor in the vacancy of late Mr. S. Muthuswamy. If these Officers are now recalled to the Department it will seriously affect the teaching work in the College as there is barely two months left before the University Examinations commence. As in the case of Mr. R. Srinivasan, Assistant Professor and other Lecturers, the transfer of the above three Probationers may be affected during the summer vacation as per letter No.E.5060/Uni. dated 20th April 1945 from the Education Secretary to the Government of Mysore to the Chief Engineer for Irrigation in Mysore, Bangalore, a copy of which was forwarded to me with your Memo No.A.5-403/44-45 dated the 27th April 1945.

1. Mr. B. P. Gopalakrishna
2. Mr. D. Nanjappa
3. Mr. E. V. Seshadri

I may also point out that in the case of Mr.B.P.Gopalakrishna he has recently been appointed as Assistant Professor after advertising the vacancy. It is very difficult to get suitable Backward Community Graduates in Mechanical Engineering for the post. I, therefore, suggest that he may be permitted to continue as Sub-protem Assistant Professor in the College and his lien on the P.W.D. may be retained for a period of five years.

As there are very few First Class Graduates in Mechanical Engineering available in the Public Works Department and as Mr.E.V. Seshadri has already passed the Departmental Examination, the Chief Engineer for Irrigation may be requested to permit us to retain his services in the College till he completes the five years' period.

I would also suggest that we retain the services of Mr.Nanjappa who has picked up the work, till the end of April 1947, as many of the hands in the Civil Department will be quite new since Mr.T.J. Manickam, Assistant Professor and Mr. V. Hanumantha Rao Naidu, Lecturer have both been deputed to undergo advanced courses of studies in Foreign Countries and Mr. R. Srinivasan, Assistant Professor, a very experienced hand, has also to revert to the Public Works Department at the end of this academical year.

The services of the above three officers may be retained in the College provided their prospects are not adversely affected.

MYSORE.

To

K.Thipperudriah, Esq.,B.A.,
Education Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

In Government Order No.P.W.4150-56/Est.87-45-1 dated 8th December 1945, Messrs.D.Nanjappa and E.V.Seshadri, among others were appointed probationers in the Public Works Department. These were Lecturers in the College of Engineering at the time of their appointment as probationers was orders. In view of the University Examinations to be held in March 1946 and in order to maintain continuity in Teaching, the above Lecturers were not relieved from the University to join their appointments as probationers in the Public Works Department. In this connection I am to invite kind reference to my letter No.A5.881/45-46 dated 24th January 1946 requesting the retention of the "Probationers" in the College of Engineering, with a view to avoid dislocation of teaching work at the till end of the academic year and as it was proposed to continue them as "Probationers" in the College it was definitely presumed that their prospectus in the Public Works Department would not be effected adversely in any way. Orders of Government to relieve the probationers were communicated in your letter No.E.6175/Uni.4-45-24, dated 6th April 1946. Accordingly messrs.Nanjappa and Seshadri were relieved of their duties in the University on the afternoon of 3-5-1946. They have represented that their period of stay in the college after appointment as Probationary Assistant Engineers has effected their seniority in the Public Works Department.

I am to forward herewith applications from Messrs.D.Nanjappa and E.V.Seshadri and to request you to be so good as to obtain kind sanction of Government for treating their period of stay in the College of Engineering after appointment as probationary Assistant Engineers to

P.T.O.

count towards the period of probation as was intended in this office No.A5.881/45-46 dated 24-/-1946.

I am to add that their services had to be retained in the University in the interests of teaching.

I have the honor to be,
Sir,
Your most obedient servant,

Registrar.

Sir,

I was working in the Engineering College as a Lecturer in Civil Engineering and was appointed as Probationary Assistant Engineer vide G.O. No. P.W.4157-81/Est.87-45-2 dated 8th December 1945. On your assurance that you will address the Government to see that my seniority in the P.W.D. is not affected by over-stay in the College, I continued to work in the College and was relieved only on the 3rd May 1946. I now find that, as per the programme of training, my service as Probationary Assistant Engineer will be counted only from 3-5-46, and the period of probationary training for two years will also be counted from that date, though I worked in the College in the interests of the Government and at a monetary loss to me.

This will not only affect my seniority at the time of my confirmation as Assistant Engineer but will also affect my emoluments, as I would continue to draw a lower salary for the extra period of four months that I have been asked to undergo training as Probationary Assistant Engineer.

I request you kindly to represent my case to Government so that my period of work in the College after my appointment as Probationary Assistant Engineer may be counted as part of the period of my training, and thus enabling me to complete the period of probation at the same time as the other Probationary Assistant Engineers who were in the P.W.D.

I have the honour to be,
Sir,
Your most obedient servant,

I was working in the Engineering College as a Lecturer in Mechanical Engineering and was appointed as Probationary Assisstant Engineer (vide G.O.No. P.W.4157-81/Est.87-45-2 dated 8th December 1945). On your assurance that you will address the Government to see that my seniority in the P.W.D. is not affected by over-stay in the College, I continued to work in the College and was relieved only on the 3rd May 1946. I now find that, as per the programme of training, my service as Probationary Assisstant Engineer will be counted only from 3-5-1946, and the period of probationary training for two years will also be counted from that date, though I worked in the College in the interests of the Government and at a monetary loss to me.

This will not only affect my seniority at the time of my confirmation as Assisstant Engineer but will also affect my emoluments, as I would continue to draw a lower salary for the extra period of four months that I have been asked to undergo training as Probationary Assisstant Engineer.

I request you kindly to represent my case to Government so that my period of work in the College after my appointment as Probationary Assisstant Engineer may be counted as part of the period of my training, and thus enabling me to complete the period of probation at the same time as the other Probationary Assisstant Engineers who were in the P.W.D.

I have the honour to be
Sir,
Your most obedient servant.
